ABOUT BMORE NOMA

We are a collective of diverse architects, planners, and designers that strive to breakdown barriers around and within the built environment to overcome injustice and oppression in communities of color. Our mission, rooted in a rich legacy of activism, is to empower our local chapters and membership to foster justice and equity in communities of color through outreach, community advocacy, professional development, and design excellence. We do this by providing professional development programming for our members, investing in local, minority-owned businesses through outreach and collaboration, promoting the achievements of our members through increased visibility of minority designers, supporting the Morgan State NOMAS student chapter, and so much more! By becoming an annual sponsor of Bmore NOMA, you are demonstrating your support of a more just and diverse future for the Baltimore architecture community. Connect with a network of over 3,400 professional and student members nationally, including more than 60 members in our own city.

There are many things in store for Bmore NOMA in 2025! Check out the many benefits your company will receive by supporting this important organization.

Bridging Gaps: Breaking Barrier

As a member of the Alliance, a collective of organizations that focus on the architecture industry, NOMA aims to double the number of Black architects by 2030. Bmore NOMA provides materials and resources for ARE candidates supporting the path to licensure.

Impactful Initiatives

From professional development programs to investing in local minority-owned businesses and supporting the **Morgan State NOMAS** student chapter, our initiatives actively promote the achievements and visibility of minority designers.

National Network

By becoming an annual sponsor, you demonstrate vital support for a more just and diverse future for the Baltimore architecture community, connecting with a nationwide network of over **3,400+** professional and student members.

About NOMA National

The National Organization of Minority Architects, mission is to serve as an increasing influential voice, promoting the quality and excellence of minority design professionals.
